

Pharmacy Websites of Interest

Established Using the AltaVista Search Engine

Associations

AAPS – www.aaps.org

Information on officers, activities and membership from the American Association of Pharmaceutical Scientists.

ABPI -- www.abpi.org.uk/_private/welcome/default.htm

Info from the Association of the British Pharmaceutical Industry for companies producing prescription medicines.

ACSDMC – www.wizard.pharm.wayne.edu

American Chemical Society Division of Medicinal Chemistry is an organization for scientists involved in drug research and development.

Action Programme on Essential Drugs --
www.who.int/dap/DAP_Homepage.html

Information on this World Health Organization program supporting and coordinating comprehensive national drug policies.

American Clinical Pharmacy – www.accp.com

College for promoting clinical pharmacy practice, research and education. With news, an events calendar and membership details.

American Assoc. of Colleges of Pharmacy – www.aacp.org

American body representing the interests of pharmaceutical educators and education. With activity details and a software library.

Board of Pharmaceutical Specialties -- www.bpsweb.org

BPS recognizes specialties in pharmacy and provides advanced practice specialty certification for qualifying pharmacists.

CPFI – www-cpfi.pharmacy.uiowa.edu

Christian Pharmacists Fellowship International, an interdenominational ministry of individuals working in pharmaceutical service and practice.

CSPS Home Page – www.ualberta.ca/~csps/

Canadian Society for Pharmaceutical Sciences is a organization established to foster research. Includes journal articles and links.

California Pharmacists Association – www.cpha.com

Publications, education, legislative information and a calendar of events, from this group serving the pharmacy profession.

Canadian Pharmaceutical Association -- www.cdnpharm.ca

National advocacy and professional organization, providing programs, publications, news and benefits to members.

Compounding Pharmacists – www.iacprx.org

International Academy of Compounding Pharmacists, a professional body with members in the US, Canada, Australia and Chile.

Controlled Release Society – www.crsadmhdq.org

International society focusing on the advancement of science and technology of drug delivery systems.

Division for Drug Affairs -- www.rfv.pharmasoft.se

Swedish National Social Insurance Board's division dealing with drug pricing and reimbursement program issues.

Food and Drug Administration – www.fda.gov:80/default.htm

News, publications and research reports, with links to other sites. Includes the Center for Drug Evaluation and Research.

Guild of Hospital Pharmacists -- www.netlink.co.uk/users/stmarys/

Information from this UK advocacy and professional organization, part of the Manufacturing, Science and Finance Union.

Infectious Disease Pharmacists -- 165.6.9.23

Society updates, grant information, job listings and newsletters from this American society for professionals.

Kappa Psi International – www.kappa-psi.org

Pharmaceutical society promoting pharmacy education and research. Includes information on activities, member directory and job listings.

NDMA – www.ndmainfo.org

Hosted by the Nonprescription Drug Manufacturers Association. With news, information on the industry, facts and figures, and info on OTC issues.

National Pharmaceutical Association – www.npa.co.uk

Organization of Britain's community and retail pharmacies.
Information on services, publications and membership benefits.

Pharmaceutical Society of Australia – www.psa.org.au

The Pharmaceutical Society of Australia (PSA) is the national professional organization for pharmacists in Australia.

Pharmacy Guild of Australia – www.guild.org.au

The Pharmacy Guild of Australia was established in 1928, bringing together several small retail pharmacy organizations then operating in the various States.

PharmWeb – www.pharmweb.net

Guide to pharmacy and related resources on the Internet. Includes jobs, forums and directories of individuals and organizations.

Professional Compounding Centers-- www.pccarx.com

American association provides information for the compounding pharmacist to help in fulfilling unique patient needs.

Databases

World Wide Web Pharmaguide - <http://www.geocities.com/pharmalinks/>

Directory of pharmaceutical companies and institutions, with information on products and services, research, industry and government.

LookSmart Spotlight Site – Pharmacology --
pharmacology.miningco.com/index.htm?COB=looksmart

Get facts on legal drugs, trials, and treating specific ailments.
Search databases geared toward consumers and professionals.
From The Mining Co.

Virtual Pharmacy - Martindale's -- www-sci.lib.uci.edu/~martindale/Pharmacy.html

Huge site with pharmacy, pharmacology, clinical pharmacology and toxicology information. Features journals, student resources and databases.

AIDS - HIV – AEGIS -- www.aegis.com

Considered the largest AIDS/HIV database in the world. Free Access to AIDSLINE, the AIDS news database, and an online library.

Animal Drug Database -- www.fda.gov/cvm/

Searchable listing provides facts and figures on all animal drug products approved by the FDA.

Antimicrobial Use Guidelines --

<http://www.medsch.wisc.edu/clinsci/amcg/amc.html>

Guidelines for the selection of antimicrobials and their cost-effective use in hospitals. With advice to maximize patient care.

Bio Online -- www.bio.com/bio.html

Directory of pharmaceutical and biotechnology companies and institutes, with information on products and services, research, industry and government.

Center for Molecular Modeling -- cmm.info.nih.gov/modeling/

Guides, tutorials, articles, software and research tools for molecular modeling, from this center which works with NIH on research.

Chemical Abstracts Service -- info.cas.org/welcome.html

Provides scientific information and other online resources for chemists, chemical engineers and educators.

Cutaneous Drug Reactions --

gopher://gopher.dartmouth.edu/11/Research/BioSci/CDRD

Easy-to-use database of drug reactions that have skin manifestations. Includes reaction incidence and journal references.

Drug Data Base -- chrom.tutms.tut.ac.jp/JINNO/DRUGDATA/00database.html

Drugs listed by name or function, with details of their chemical composition, physical properties and UV spectrum.

Drug Database- PharmInfoNet -- pharminfo.com/drugdb/db_mnu.html

Information from this database includes recent announcements and warnings about side effects of drugs, written mainly for professionals .

Drug Discrimination -- www.dd-database.org

Searchable bibliography of abstracts, journal articles, and books on this method for studying the effects of drugs.

Drug InfoNet -- <http://www.druginfonet.com>

Information resource for consumers and professionals on health care and pharmaceutical-related businesses.

General Pharmaceutical Topics -- www.newspage.com/browse/

Daily news on topics such as drug manufacturing and development. With searchable database of past articles.

HIV Medication Guide -- www.jag.on.ca/hiv/

Up-to-date information on HIV medications including drug interactions, education pamphlets, and tools to improve adherence.

HotMolecBase -- bioinformatics.weizmann.ac.il/hotmolecbase/

Information about proteins and other biologically active molecules that play a role in disease or have medical applications.

Informed Online -- www.infomed.org/index-e.html

Swiss publishing house publishes detailed information on what they consider the 100 most important prescribed drugs.

Internet Medical Bookstore -- www.fimb.com/whoweare.html

Online medical text sales. Catalog contains over 24,000 entries covering medical, dental, nursing, and allied sciences.

Merck Manual -- www.merck.com/pubs/mmanual/

Manual of diagnosis and therapy covering most disorders, describing symptoms, common clinical procedures, and drug treatment.

NCI Drug Information System -- <http://dtp.nci.nih.gov/epnrd/3dis.html>

National Cancer Institute provides this collection of 3D structures for over 400,000 drugs.

PediWeb -- solar.rtd.utk.edu/~esmith/pedi.html

Journal reviews, news, original articles and links to pediatric pharmacology resources, for parents and professionals.

PhRMA -- www.phrma.org

Organization representing America's pharmaceutical research companies provides details of drug development, industry news, and health guides.

PharmInfoNet Index -- pharminfo.com/idx_toc.html#drug

Extensive list of publications, discussion groups, disease centers and pharmacy products and services. Includes a drug database.

PharmWeb -- <http://www.pharmweb.net/>

Extensive directory of most aspects of pharmacology. Search their yellow pages for publications and discussion groups.

Pharmaceutical Information Network -- pharminfo.com/pin_hp.html

Drug information, discussion groups, a virtual drugstore, and online publications for both consumers and professionals.

Pharmaceutical Newsgroup Archive --

www.bio.net/hypermail/PHARMACEUTICAL-BIOTECHNOLOGY/

Search this newsgroup archive by keyword or phrase for information on pharmaceuticals and biotechnology.

Pharmacokinetics & Pharmacodynamics -- www.boomer.org/pkin/

Information and resources about these two disciplines studying the dynamics of drug and metabolite levels in the body.

Pharmacology Departments World-Wide --

www.kfunigraz.ac.at/ekpwww/linkinst.html

Austria's Graz University provides this exhaustive directory of pharmacology departments from around the world.

Pharmacy Archive -- pharminfo.com/drugdb/smp_mnu.html

Archive of threads from the sci.med.pharmacy newsgroup, with an index of the trade and generic names of drugs.

Pharmacy Sites -- www.exit109.com/~zaweb/pjp/pharm.htm

This guide to pharmacy resources on the Internet gives a description of links and includes mailing lists.

Regulatory Affairs Information --

www.medmarket.com/tenants/rainfo/rainfo.htm

Find any regulatory body, organization, meeting, document or guideline in this extensive directory. Covers regulated product industries.

Rx-List Internet Drug Index -- www.rxlist.com

First stop for finding informative reports about almost any drug. Lists over 4,000 drugs and common side effects.

Schools of Pharmacy -- www.li.net/~edhayes/rxschool.html

US pharmacy schools listed by state. With their address, telephone numbers and Internet links.

The Drug Development Homepage -- members.tripod.com/~ChristopherMarrs/

Internet resource for drug development and outsourcing information for pharmaceutical professionals.

Virtual Pharmacy Center -- www-sci.lib.uci.edu/HSG/Pharmacy.html

Find medical dictionaries, journals, pharmacy and pharmacological resources and related information in this huge directory.

World Wide Drugs -- community.net/~neils/new.html

This comprehensive resource includes a pharmaceutical drug directory, links, news and access to related information.

Worldwide Healthcare Forums -- www.healthcareforums.com

Created to facilitate interaction among healthcare professionals on specific topics which includes discussion of cases, research and other relevant issues.

Discussion Groups

Altimed -- www.altimed.com/

Canadian pharmacist's guide to the Net. Includes product info, monthly topics for discussion, forum, disease advice, and links.

Discussion Groups -- pharminfo.com/conference/groups.html

Join an email discussion forum on such topics as clinical trials, diabetes and gastroenterology.

PharmWeb - Discussion Forum -- www.pharmweb.net/

List of national and international professional newsgroups, discussion groups and mailing lists related to pharmacology.

Pharmacy Archive -- pharminfo.com/drugdb/smp_mnu.html

Archive of threads from the sci.med.pharmacy newsgroup, with an index of the trade and generic names for drugs.

Pharmacy Mail Exchange -- www.dmu.ac.uk/ln/pme/

De Montfort University Department of Pharmaceutical Sciences mailing list provides archives and details for new users.

Pharmacy.org -- www.pharmacy.org/

Join in the live discussions of pharmacy and related topics on Internet Relay Chat.

Pharmdocument Mailing List -- www.teleport.com/~pharmdoc/mail.htm

Details on subscribing to this moderated mailing list for pharmacists to discuss how to document disease states and clinical interventions.

Psychopharmacology Tips -- uhs.bsd.uchicago.edu/~bhsiung/tips/tips.html

Join the Interpsych Psycho-Pharm Discussion list run by Ivan Goldberg, MD. Includes drug and problem indexes.

Drug Companies

3M Innovation Network -- www.mmm.com

Diversified pharmaceutical company which produces a range of items including preoperative products, stethoscopes, and dental products.

ALLERGAN, INC. -- www.allergan.com

Details about this speciality pharmaceutical company. Features news, career center, consumer health advice, and professional section.

ALZA Corporation -- www.alza.com

Financial information and employment opportunities for this Californian based company. Includes product inquires.

AMR (Arlington Medical Resources) -- www.amr-data.com

Creators of syndicated hospital market research databases for the pharmaceutical and diagnostic imaging industries.

Abbott Laboratories -- www.abbott.com

Explains company aims and objectives, list products, and provides advice about careers and finance. With patient health advice and news.

Advanced Apothecary -- www.nstar.net:80/apothecary/index.html

Organization of pharmacists that make customized, compounded medications available to the public. Includes FAQs and ordering information.

Advanced ChemTech -- www.peptide.com

Firm specializing in automated biotechnology synthesizers, fine chemicals, immunochemical technology and related services.

AeroGen, Inc. -- www.aerogen.com

Learn how better technology is changing aerosol drug delivery to the respiratory tract and lung.

Agouron Pharmaceuticals, Inc. -- www.agouron.com

Provides company profile, outlines drug research program, and gives investor advice. With information about clinical trials in cancer and AIDS.

American Home Products – Eurand -- www.ahp.com/eurand.htm

Corporate overview with company FAQs, details about research and development, news and announcements, investor info, and advice about products.

Amgen -- www.amylin.com

Visit the corporate center, check out the products produced by this company, or find out what's happening in research and development.

Amlin Pharmaceuticals -- www.amylin.com

San Diego biopharmaceutical company specializing mainly in products for the treatment of diabetes and related disorders.

Astra -- www.astra.com

Produces medications for respiratory tract, cardiovascular and gastrointestinal diseases, and for pain relief. Includes press releases.

Baxter Healthcare Corporation -- www.baxter.com

Primary manufacturer and distributor of medical products to both hospitals and alternate sites. Provides multiple continuing education programs for pharmacy and nursing.

Baxter Healthcare Corporation -- www.nutriforum.com

Created to provide training and information to the healthcare professional on clinical nutrition.

Barr Laboratories -- www.barrlabs.com

Independent developer, manufacturer and marketer of off-patent pharmaceuticals. Features industry news and career information.

Bayer -- www.bayer.com/bayer/index_e.htm

Access financial, research, historical and other information on this international company. Includes Bayer's safety policy.

Berlex - Betaseron® -- www.betaseron.com

Features company details, multiple sclerosis resources, and advice about research. MS information suitable for patient or professional.

Berna Products -- www.bernaproducts.com

Company manufactures an oral vaccine for typhoid. Features travel advice, clickable typhoid location map, news, and company information.

Bio Online -- www.bio.com/bio.html

Directory of pharmaceutical and biotechnology companies and institutes, with information on products and services, research, industry and government.

BioSpecifics: Collagenase -- www.biospecifics.com

Pharmaceutical company with a major focus on wound healing and tissue remodeling.

Biogen -- www.biogen.com

Company principally engaged in developing genetically-engineered human pharmaceuticals. With MS resources, career advice, and drug information.

Boehringer Ingelheim -- www.Boehringer-Ingelheim.com

Find out about business areas, subsidiaries, research, and company history. Includes info about OTC (Over the Counter) vitamin products.

Bradley Pharmaceuticals -- www.bradpharm.com

Company that manufactures prescription and OTC respiratory and skin preparations. With company profile, product FAQs, and shareholder info.

Bristol-Myers Squibb -- www.bms.com

Develops beauty, nutritional and pharmaceutical products. Find press releases, news, research and investor information.

British Biotech Home Page -- www.britbio.co.uk

Contains company overview, news releases, plus info on what this organization is doing in research. With oncology links.

Carrington Labs -- www.carringtonlabs.com

Skin care, odor control, nutritional, wound care, incontinence, diabetic care, and radiation care products to buy directly from the manufacturer.

Cav-Con Cancer Drugs -- www.ntplx.net/~cavcon/

Technical information about cancer therapeutics from this Connecticut based organization. Features toxicological studies and abstracts.

Chiron Corporation -- www.chiron.com/index.html

Corporate information, news, business highlights, jobs, and mission statement. Includes disease speciality area and product overview.

Chugai Pharma Europe -- www.chugai.co.uk

Specializing in prescription pharmaceuticals as well as DNA probes and enzyme-immunoassay diagnostics.

Connaught Laboratories Limited -- www.connaught.com

Information on this biotechnological company, the largest vaccine manufacturer in the US. Includes research news, products, and history.

Cortecs plc -- www.cortecs.com

Contains information about research and development and details about diagnostic and pharmaceutical products. With patient disease advice.

Covance -- www.covance.com

Organizational information, advice about drug development, news and reports, and details about career opportunities with this company.

CytRx -- www.daiichius.com

Features corporate press releases, events, investor information, and consumer advice about sickle cell disease and Acute Chest Syndrome.

Daiichi Pharmaceutical Corporation -- www.daiichipharm.co.jp/index-e.html

Current products in two therapeutic areas, anti-infective and anti-cancer, with a wound healing compound in trials. Contains facts and figures, sales and financial information, and a drug development table. Available in Japanese.

Dendreon Corporation -- www.dendreon.com

Fact sheet from company conducting research into the commercialization of dendritic cells for therapeutic purposes - especially for prostate CA.

DepoTech Corporation -- www.depotech.com

Access corporate, technological, and investor information at this site. Also features product pipeline and press releases.

Dovetail Technologies, Inc. -- www.dovetailtech.org/dti/index.htm

DTI identifies promising compounds and develops them to the point where they enter human clinical trials.

Dow Hickam Pharmaceuticals -- www.dowhickam.com

Company that specializes in burn and wound care. With wound care guide, product information, journal resources, and Q&As for professionals.

DuraMed Home -- www.duramed.com

Learn about this Cincinnati based manufacturer and marketer of OTC and prescription products. With overview of corporate activities and news.

EM Pharma -- www.empharma.com.

Markets products for endocrine disease including Euthyrox. Includes information on thyroid conditions for patients, physicians and pharmacists.

Eli Lilly & Company -- www.lilly.com

Produces medication for treating conditions including endocrine diseases, diabetes, osteoporosis, infectious diseases and cancer.

Ethicon Online -- www.ethiconinc.com/index.htm

Go to the resource room for information on wound management, sports medicine, and women's health. Also features professional section.

Fischer Pharmaceuticals -- www.dr-fischer.com

Organization that specializes in the development and manufacture of ophthalmic and dermatological preparations. With product and company info.

Fujisawa USA, Inc. -- www.fujisawausa.com

Find out about this company and continuing pharmacy education or browse the catalog for information about products.

Genentech -- www.gene.com

Develops pharmaceuticals mostly for the treatment of genetic disorders. Includes a listing of the major drugs and their uses.

Genetics Institute -- www.genetics.com

Biotechnology firm developing protein-based therapeutics for the treatment of serious medical conditions. With research and product news.

Genzyme Corp. -- www.genzyme.com

Company that specializes in biotechnology and health care products. With career, product, and services information.

Genzyme Pharmaceuticals --
www.genzyme.com/prodserv/pharm/welcome.htm

Produces a range of compounds designed for key biotechnology and pharmaceutical applications. Includes research and partnership information.

Gilead Sciences -- www.gilead.com/index1.html

Find out about this biopharmaceutical company that specializes in viral diseases. Features news, company overview, research, and product info.

Glaxo Wellcome -- www.glaxowellcome.co.uk/index.html

Learn about the research and free software of this leading industrial contributor to biomedical research and pharmacological development.

HUMAN -- www.ktg.gau.hu/human/

Involved in preparation of vaccines and serological diagnostics. Includes product and corporate information and annual report.

Hoechst Marion Roussel USA -- www.hmri.com

Consumer health information including advice on allergies, high blood pressure, and diabetes. Includes health professionals section and glossary.

Hoechst -- www.hoechst.com/english/index.html

Network of companies producing pharmaceutical, chemical and agricultural products. Includes research information and publications.

Hommel -- www.hommel-pharma.com/homengl.htm

International organization that makes drugs and supplies raw materials to the chemical, cosmetic, and pharmaceutical industries.

IBSA -- www.ibsa.ch

Swiss pharmaceutical company producing a range of antibiotic and anti-inflammatory products. With company history and product details.

ICN Pharmaceuticals, Inc. -- www.icnpharm.com

Manufacturers biomedical research diagnostics, drugs, and skin care products. Includes employment opportunities and corporate information.

IFPW -- www.ifpw.com

International Federation of Pharmaceutical Wholesalers provides industry information to pharmaceutical and related companies.

Immunex -- www.immunex.com

Contains guide to prostate patients and their families, company information, and career opportunities.

ImmunoScience, Inc. -- www.immunoscience.com/index.htm

Market and research HIV testing and diagnostic equipment and a HIV treatment vaccine. Includes company history and contact information.

Inspire Pharmaceuticals, Inc. -- www.inspirepharm.com

Pharmaceutical company develop therapeutics for respiratory diseases including cystic fibrosis.

Janssen-Cilag NV -- www.janssen-cilag.com

Contains company, job, and research information. With a disease section which highlights women's health, allergies, neurology, pain, and cancer.

Johnson & Johnson -- www.jnj.com/home.html

News, finance, and career opportunities available with this organization plus mother and baby care advice.

Knoll AG - BASF Pharma -- www.knoll.basf.de/knoll-ag/html/e/home.htm

Background on this company, overview of research and development, news, and information on products and technologies.

Mallinckrodt Nuclear Medicine -- www.mallinckrodt.nl

Produces chemicals as well as medical and veterinary pharmaceuticals. Includes product details for authorized purchasers.

McKesson -- www.mckesson.com

Manufacturers pharmaceuticals, beauty products and specialty foods and distributes to pharmacies, hospitals and health care organizations.

Medco Research, Inc. -- www.medcores.com

Gives corporate profile, press releases, and financial information about this company that specializes in cardiovascular medicine.

Medicis Pharmaceutical -- www.medicis.com/medicis.htm

Links to dermatological pages, list products, gives financial and investor information, and provides information about upcoming events.

Merck & Co. -- www.merck.com

Pharmaceutical company developing and manufacturing a broad range of products to improve human and animal health.

Monsanto -- www.monsanto.com/monsanto/index4.html

News, company, product, career and environmental information from this major pharmaceutical and chemical manufacturer.

Mylan -- www.mylan.com/welcome.html

Product guide, shareholder information, corporate overview, details of continuing education programs for pharmacists, and patient resources.

NDMA -- www.ndmainfo.org

Hosted by the Nonprescription Drug Manufacturers Association. With news, information on the industry, facts and figures, and info on OTC issues.

Nagase -- www.nagase.com/Pharmaceuticals.html

Go to pharmaceuticals for information about activities in drug development, diagnostic reagents, and related products.

North American Vaccine -- www.nava.com

Vaccine info for parents, background on infectious diseases, and immunization FAQs. Includes corporate, product, and professional resources.

Novartis -- www.novartis.com

Click on healthcare for consumer health advice and product information. Also features corporate, investor, and media resources.

Novo Nordisk -- www.novo.dk/index.html

News and resources from this Danish company specializing in insulin and diabetes care as well as industrial enzyme products.

Nupharm -- www.nupharm.com

Pharmacy service that specializes in the at home provision of infusion therapy, respiratory medication, chemotherapy, and by-mouth medication.

Oculex Pharmaceuticals -- oculex.com/index.htm

Product and investor details from this company that has developed a drug delivery system for the treatment of ocular diseases.

Ohmeda -- www.ohmeda.com

Gives company overview, information about key technology areas, advice about research, and provides resources on respiratory and critical care.

OmniScience Pharmaceuticals, Inc. -- www.omnipharm.com

Innovative molecular biological and biochemical approaches to drug discovery from natural products.

Oncor, Inc. -- www.omnipharm.com

Genetic technology company with details about molecular biology reagents, cell regulation products, technical services, and employment.

Organon -- www.oncor.com

This company manufacture prescription drugs including oral contraceptives and HRT. With info on research and drug Q&As.

Ostuka Pharmaceuticals -- www.otsuka.co.jp/menu-e.htm

Find out what's happening in various drug research institutes located in the US and overseas or check out the company overview.

P&G Global Community -- www.pg.com

Global manufacturer of cosmetics, laundry detergents, dental and health care products, and diapers. With company and product information.

PBL Biomedical Labs Interferon -- www.interferonsource.com

The world's largest manufacturer of interferons, interferon antibodies, and interferon ELISA kits. All human alpha interferon species available.

PT Darya-Varia Laboratoria -- www.darya-varia.com

Indonesian based pharmaceutical company. Features corporate profile, annuals reports, and news and press releases.

Paddock Laboratories, Inc. -- www.paddocklabs.com

Minneapolis situated company that specializes in diabetic products. Includes a quarterly newsletter for professional diabetes educators.

Parke-Davis -- www.parke-davis.com/version_4/index.html

View the list of prescription medications produced by this company. Adobe Acrobat Reader required to access some files.

Pasteur Merieux Connaught -- www.us.pmc-vacc.com

Contains vaccine information for consumers, company and product resources, professional section, press releases, and research information.

Patheon -- www.patheon.com

Patheon is a leading provider of pharmaceutical contract manufacturing and drug development services in finished dosage form.

Pfizer -- www.pfizer.com/main.html

Find out about research projects and career opportunities at this drug company. Includes health education and pharmaceutical advice section.

PhRMA -- www.phrma.org

America's Pharmaceutical Companies site with membership details, news, industry issues, drugs in development and fact and figures.

PharmWeb Yellow Pages -- www.pharmweb.net/pwmirror/pwb/pharmwebb.html

Search by category or keyword to find companies, pharmacies, and chemical and drug suppliers in this extensive directory.

Pharmaceutical Processing Online -- www.pharmpro.com

Database of new technology for the pharmaceutical industry featuring new products and product directory.

Pharmacia & Upjohn -- www.pnu.com/ns4index.html

Extensive research, business, and customer coverage from this pharmaceutical and bio-tech company. Plus info on medical conditions and products.

Pharmacyclics -- www.pcy.com

Company developing pharmaceutical products for cancer and cardiovascular diseases. Find out about clinical studies, technology and products.

Pharmascience -- www.pharmascience.com

Canadian company presents its full product range of generic pharmaceuticals, including analgesics and antibiotics.

Phoenix International Life Science -- www.pils.com

Describes full range of pharmaceutical development services including drug development research for the pharmaceutical industries.

R & D Laboratories -- www.rndlabs.com

Products, services, and company information from this organization that manufacture products for the treatment of diabetes and kidney disease.

Research Testing Labs -- www.rtlab.com

Clinical research and testing company provides details of their facilities and current pharmaceutical trials.

Rhône-Poulenc Rorer -- www.rpr.rpna.com

Gives details of therapeutic focus and company information plus disease guide and a glossary of medical terms. With a professional section.

Roche -- www.roche.com

Produces pharmaceuticals and products for treatment of HIV, obesity and cardiac conditions. Offers news and company information.

Roxane Laboratories -- www.Roxane.com

Manufacturers of palliative care and pain management products for cancer and AIDS patients. Includes consumer and product information.

SEQUUS Pharmaceuticals -- www.sequus.com

Produces pharmaceuticals that treat infectious diseases, cancer. Includes the latest product and technology information.

SP Pharmaceuticals, LLC -- www.sppharma.com

Manufactures small-volume parenteral drugs; develops new pharmaceutical products and formulas on a contract basis.

Sankyo -- <http://sunwww.sankyo.co.jp>

No pharmaceutical information available at this site but does contain company financial reviews.

Sanochemia Group -- www.sanochemia.at

Company profile and business review of this group manufacturing veterinary and human pharmaceuticals and test kits.

Schering-Plough -- www.sch-plough.com

Develops pharmaceutical products worldwide, including medications for allergic and inflammatory disorders, infectious diseases and oncology.

Schwarz Pharma -- www.schwarzpharma.com

Tour this site for product and corporate information, news, career opportunity advice, and links to resources for patients.

Searle -- www.searlehealthnet.com/searle/

Find press releases, new product information, and a company profile. With links to a directory of consumer information.

Serono Laboratories, Inc. -- www.serono-usa.com

Organization that focuses on the fields of infertility, growth, wasting, and MS/immunology. Includes information for patients and professionals.

Sifi - Ophthalmic Pharmaceuticals -- www.sifi.it

Italian pharmaceutical company which provides a corporate overview, lists products, and gives advice about employment opportunities.

Sigma-Tau Pharmaceuticals -- <http://194.243.141.200/na/>

Provides information on the prescription drug Carnitor (levocarnitine), plus an overview of the company, news, and products in development.

SmithKline Beecham -- www.sb.com

Advice about consumer and prescription products. Provides organizational information, career opportunity details, and news and press releases.

Sonus Pharmaceuticals -- www.sonuspharma.com

Company that performs research and development of ultrasound contrast agents and drug delivery systems based on fluorocarbon technology.

Steraloids Online Catalogue -- www.steraloids.com

Manufactures and markets steroids and hormones. Browse the product list or find out what's happening in research and in the company.

Stratus Pharmaceuticals, Inc. -- www.stratuspharmaceuticals.com

Provides dermatological market with alternative prescriptions on hydroquinone, AHA, moisturizer for sensitive skin and saline solutions

Takeda Chemical Industries, Co. -- www.medic.mie-u.ac.jp/takeda/takeda.html

Japanese pharmaceutical company that produce prescription and over the counter drugs.

Tanox Biosystems -- www.cyberhouse.com/tanox/

Research and product information of this company developing immunological products for cancer and allergy treatment.

Telluride Pharmaceuticals -- www.halcyon.com/tpcorp/

Areas of development for this company include oncology, metabolism, immunology, and neuropharmacology. With corporate and product info.

Transcell Technologies -- www.transcell.com

Company developing pharmaceuticals based on new discoveries in drug transport and carbohydrate synthesis.

US Bioscience -- www.usbio.com

Focuses on the development and commercialization of therapies for patients with cancer and AIDS. With research details, product info, and news.

United-Guardian -- www.u-g.com

Access product and ordering information of this pharmaceutical and health care company. Includes corporate and investor information.

VIP,Generic Pharmaceuticals Distrib -- www.vippharm.com

Full-line generic pharmaceuticals distributor selling only to independent pharmacists and pharmacies in the US and Puerto Rico.

Vertex Pharmaceuticals -- www.vpharm.com

Develops pharmaceuticals for conditions including AIDS, cancer and hepatitis C. Includes corporate and product information and links.

Warner Lambert -- www.warner-lambert.com

Produces consumer products and Parke-Davis prescription medications. Includes listings of products with descriptions and directions for use.

Whitehall-Robins -- www.ahp.com/whitehall.htm

Member of the American Home Products group of companies. Manufacturers of popular over the counter preparations including Avil and Robitussin.

Wyeth-Ayerst -- www.ahp.com/wyeth.htm

Corporate overview, research and development details, news and announcements, investor information, and advice about health care and products.

Xoma -- www.xoma.com

Develops products for treating primary infections, infectious complications and immunologic disorders. Includes an index.

Zeneca -- www.zeneca.com/group2.htm

British company involved in cancer therapies and new treatments for asthma and migraine. Features product information, news, and recruitment.

Zila -- www.zila.com

Manufactures non-prescription oral and skin care products. Includes a short listing of products and information about mouth sores.

Cheri's Rx -- www.erols.com/cinman/

Search this site for resources on pharmaceuticals, pharmacies, pharmacy schools, medical and pharmacy companies, and journals.

Continuing Education

The Pharmacy Stand -- www.arcwebserv.com/pharm/

Weekly pharmacy articles by registered pharmacists, advice about careers, tips, and a useful database of links for students doing research.

Applied Pharmacokinetics -- www.usc.edu/hsc/lab_apk/

Information, software and event details pertaining to pharmacokinetic systems and individualized drug therapy.

Calcium Channel Blockers -- www.cc.emory.edu/WHSC/MED/CME/CCB/

Information regarding the use of calcium channel blockers in the treatment of hypertension. From Emory University.

Course in Pharmacokinetics – <http://157.142.72.143/gaps/pkbio/pkbio.html>

Online course pharmacokinetics and biopharmaceutics, covering drug administration, data analysis, and modeling systems.

Cutaneous Drug Reactions --

gopher.dartmouth.edu:70/11/Research/BioSci/CDRD

Database of drug reactions that have skin manifestations, organized alphabetically by the drug's generic name. Maintained by Jerome Z. Litt, MD.

Drugs and Devices -- www.hsph.harvard.edu/Organizations/DDIL/ddilhpge.html

Review articles, resources and general information on pharmacoepidemiology from Harvard University.

EthnoMedicinals -- Walden.MO.NET:80/~tonytork/

Information on the use of herbs and other natural products in biochemistry, pharmacology, and traditional medicine.

Francom's Pharmacy Page -- hometown.aol.com/mefrancom/index.html

Information for the compounding pharmacist with formulae and supplier list. With a range of downloadable shareware for pharmacists.

Glaxo Wellcome Guide -- www.glaxowellcome.co.uk/science/phguide/

Quick reference guide to the important terms and concepts of pharmacology, including sections on receptor binding and neurotransmitter systems.

Helix -- www.helix.com

Healthcare Education Learning & Information Exchange is sponsored by Glaxo and has resources for professionals and patients.

Medicom -- medicaled.com

Offers pharmacists free continuing CE credits via online and teleconference courses.

Pharmacokinetics & Pharmacodynamics -- www.boomer.org/pkin/

Information and resources about these two disciplines studying the dynamics, over time, of drug and metabolite levels in the body.

Professional Compounding Centers -- www.thecompounders.com

American association provides information for the compounding pharmacist to help in fulfilling unique patient needs.

Searching the Internet -- www.drugs.indiana.edu/pubs/newsline/searching.html

Concise articles offering strategies for locating accurate and scientifically accepted information on pharmaceuticals.

Self Assessment in Pharmacology – www.university.com/ISAP/

Designed to make studying pharmacology and looking up drug information easier. Access is free to all educational users.

Virtual En-psych-lopedia -- uhs.bsd.uchicago.edu/dr-bob/tips/tips.html

Information for both patients and professionals on a range of psychopharmacological medications, including their uses and side-effects.

Virtual Pharmacy - Martindale's -- www-sci.lib.uci.edu/~martindale/Pharmacy.html

Huge site with pharmacy, pharmacology, clinical pharmacology and toxicology information. Features journals, student resources and databases.

WWW Virtual Library: Medicine -- www.ohsu.edu/clinweb/wwwvl/

Searchable index of biosciences, a list of biomedical sites, and a history of science, technology, and medicine.

Patient Education

Altimed -- www.altimed.com

Canadian pharmacist's guide to the Net. Includes product info, monthly topics for discussion, forum, disease advice, and links.

Antibiotic Information -- www.hovione.com

Useful information about the antibiotic (doxycycline). Includes advice for patient and doctor, information about side-effects and bibliography.

Ask the Pharmacist -- www.wilmington.net/dees/

Post your medication questions to Mr. Frank Purdy or view the frequently asked questions already answered.

Council on Family Health -- www.cfinfo.org/home_b.html

Non-profit organization dedicated to educating consumers about the proper use of nonprescription and prescription medicines. With ten step guide.

Drug Emporium Online -- www.drugemporium.com/rx-f.htm

RxAnswerLine provides personal and confidential answers to all questions about prescriptions and over-the-counter medications.

Drug Information -- www.pharmacy.ab.umd.edu/~umdi/umdi.html

Your questions about pharmaceuticals to the University of Maryland Drug Information Service are answered within three days.

EthnoMedicinals – Walden.MO.NET:80/~tonytork/

Information on the use of herbs and other natural products in biochemistry, pharmacology, and traditional medicine.

FDA Food and Drug Interactions – <http://vm.cfsan.fda.gov/~lrd/fdinter.html>

From the US Food and Drug Administration with information that explains how certain foods may interact with some groups of medications.

Helix -- www.helix.com

Healthcare Education Learning & Information Exchange is sponsored by Glaxo and has resources for professionals and patients.

LookSmart Spotlight Site – Pharmacology --
pharmacology.miningco.com/index.htm?COB=looksmart

Get facts on legal drugs, trials, and treating specific ailments. Search databases geared toward consumers and professionals. From The Mining Co.

Medicine Program -- www.ims-1.com/%7Efreemed/

Information on a privately sponsored program which provides prescription medicine free-of-charge to individuals in need.

Pharmaceutical Chemistry Group -- www.pharma.ethz.ch

Introduction to pharmaceutical chemistry, research into immunological therapeutics and computer aided drug design from Swiss institute.

Rx-List Internet Drug Index -- www.rxlist.com

First stop for finding informative reports about almost any drug. Lists over 4,000 drugs and common side effects.

Searching the Internet -- www.drugs.indiana.edu/pubs/newslin/searching.html

Concise articles offering strategies for locating accurate and scientifically accepted information on pharmaceuticals.

Taking Your Medicine -- www.hmri.com/managingyourhealth/guides/tym.html

Instructions about dose, route, and taking of medications. Includes a list of questions you should ask your pharmacist or doctor.

Top 200 Prescriptions -- www.rxlist.com/top200.htm

List of the 200 most popular US pharmaceuticals. Includes brand name, manufacturer, and generic name.

Virtual En-psych-lopedia -- uhs.bsd.uchicago.edu/dr-bob/tips/tips.html

Information for both patients and professionals on a range of psychopharmacological medications, including their uses and side-effects.

Undergraduate Education

Antibiotics Guideline -- www.usc.edu/hsc/lab_apk/

Introduction to antibiotics, including their mechanism of action, resistance and host-antibiotic-microbe interactions.

Applied Pharmacokinetics -- www.usc.edu/hsc/lab_apk/

Information, software and event details pertaining to pharmacokinetic systems and individualized drug therapy.

Course in Pharmacokinetics -- 157.142.72.143/gaps/pkbio/pkbio.html

Online education in pharmacokinetics and biopharmaceutics, covering drug administration, data analysis and modeling systems.

Drugs and Devices -- www.hsph.harvard.edu/Organizations/DDIL/ddilhpge.html

Review articles, resources and general information on pharmacoepidemiology from Harvard University.

Glaxo Wellcome Guide -- www.interchg.ubc.ca/interchg-v2/lockdown/notice.html/mainmenu.html

Quick reference guide to the important terms and concepts of pharmacology, including receptor binding and neurotransmitter systems.

Infra-red Spectroscopy -- www.interchg.ubc.ca/interchg-v2/lockdown/notice.html/mainmenu.html

Intended for undergraduate students, this online tutorial focuses on infra-red spectroscopy in drug analysis.

NetPharmacology -- lysine.pharm.utah.edu

Online lecture in cardiovascular pharmacology from the University of Utah. With a cardiology glossary, and 3D drug structure images.

Pharmacology and Toxicology -- www.pharm.ukans.edu/pharmtox/index.html

Resources from the University of Kansas Department of Pharmacology and Toxicology, one of the premier programs in the country.

Phase Technologies -- www.phase-technologies.com/html/vol.1_no.6.html

Discussion of the use of the Pirani gauge in monitoring and controlling the lyophilization process

Psychopharmacology --

<http://indy.radiology.uiowa.edu/Providers/Lectures/Conferences/CPS/TOC.html>

From the University of Iowa comes this online textbook on the use of drugs in the treatment of a range of mental disorders.

Searching the Internet -- www.drugs.indiana.edu/pubs/newsline/searching.html

Concise articles offering strategies for locating accurate and scientifically accepted information on pharmaceuticals.

Self Assessment in Pharmacology -- www-users.cs.umn.edu/~isap/welcome.html

Designed to make studying pharmacology and looking up drug information easier. Access is free to all educational users.

Virtual Pharmacy - Martindale's -- www-sci.lib.uci.edu/~martindale/Pharmacy.html

Huge site with pharmacy, pharmacology, clinical pharmacology and toxicology information. Features journals, student resources and databases.

News and Journals

AVICENNA -- www.avicenna.com

Comprehensive medical information resource for all medical professionals. Register for free Medline abstract searches.

Medical Sciences Bulletin -- pharminfo.com/pubs/msb/msbmnu.html

Articles on pharmaceutical research and product reviews of new drugs. Published by the Pharmaceutical Information Associates.

Williams & Wilkins -- www.wwilkins.com

Stock a wide range of publications for medical professionals which can be ordered online.

Adverse Drug Reactions -- www.oup.co.uk/drugsj/contents/

Table of contents and abstracts from this journal which focuses on adverse drug reactions and acute poisoning.

Alimentary Pharm. & Therapeutics -- www.blacksci.co.uk/products/journals/apt.htm

Details and table of contents from this journal specializing in the effects of drugs on the gastrointestinal tract, gall bladder and pancreas.

Antiviral Agents Bulletin -- www.bioinfo.com/biotech/antiviral.html

Summaries from recent editions covering antiviral drug and vaccine developments, with emphasis on HIV-infection and AIDS-related therapeutics.

CJPP -- www.cisti.nrc.ca/cisti/journals/cjpp.html

Canadian Journal of Physiology & Pharmacology published in full-text in Adobe Acrobat portable document format (PDF files).

CSPS -- www.ualberta.ca/~csp/

Canadian Society for Pharmaceutical Sciences is a organization established to foster research. Includes journal articles and links.

Clinical Drug Investigation --

www.medscape.com/adis/CDI/public/journal.CDI.html

Free electronic version of the journal of the same title. Aim is rapid publication of original drug research info.

Clinical Psychopharmacology -- www.apa.org/journals/pha.html

Abstracts from the current issue of Experimental and Clinical Psychopharmacology. With subscription details.

Doctor's Guide -- www.pslgroup.com/NEWDRUGS.HTM

Articles on approved new drugs and new indications for previously available drugs, plus medical news and Internet sites.

Drug Approvals List -- www.fda.gov/cder/da/da.htm

Listing of new drug approvals from the Food and Drug Administration, recording drug name, use and applicant.

Drug Benefit Trends -- www.medscape.com/SCP/DBT/public/journal.DBT.html

Publication for managed health care professionals who control pharmacy service and drug benefits. With selected articles and subscription details.

Drug Wise Online -- home.vicnet.net.au/~drugwise/drugwise.htm

Online newsletter on psychotropic and therapeutic drugs, with reviews of international literature summarizing drug developments and research.

Drug, Equipment and Procedure News -- www.angelfire.com/newterms/

Information on new drugs, equipment, and procedures is regularly presented. For medical transcriptionists and other professionals.

Essential Drugs Monitor -- www.who.int/dap/edm.html

Selected articles from this World Health Organization journal containing features on national drug policies and public education.

Financial Times Healthcare -- www.fthealthcare.com

International publisher of global business intelligence and information on the healthcare, biotechnology, and pharmaceutical industries.

IAVI Report -- www.iavi.org

Report is unique in its coverage of issues surrounding HIV vaccine research and development.

IJPPP -- www.psycom.net/ijppp.html

International Journal of Psychopathology, Psychopharmacology, and Psychotherapy. Full text of case reports, research and reviews.

Japanese Journal of Pharmacology -- www.soc.nacsis.ac.jp/tjps/ijp/

Published by the Japanese Pharmacological Society contains the tables of contents and abstracts from the past year's issues.

Journal of Pharmaceutical Care -- <http://198.79.220.3:80/pharmacy/jpc/>

Details of this new electronic journal which focuses on issues pertaining to pharmaceutical care. With editorial guidelines.

Lippincott-Raven Publishers -- www.lrpub.com

Extensive catalog of medical texts with informative reviews of each and online ordering. Covers electronic media, books and journals.

Mosby -- www.1.mosby.com/Mosby/index.html

Catalog of new publications from Mosby, the world's leading publisher of books, journals and serial publications in the health sciences.

Oncology Pharmacy Practice -- www.cpb.uokhsc.edu/pkin/jopp.html

Information on a new international journal dedicated to educating pharmacists about the care of cancer patients.

Pharmacy Online -- www.priory.com/pharmol.htm

Features papers, articles, letters and educational material, edited by Dr. M. Partridge Director of Pharmacy in a UK hospital. With search.

Pharmacy Times -- members.aol.com/pharmtimes/index.html

Updated weekly this forum for pharmacists provides news, feature articles, career information and product reviews.

Standard -- www.usp.org/standard/9901.htm

Official newsletter from the United States Pharmacopeia provides details of new drug regulations and standards plus member news.

UnCoverWeb -- uncweb.carl.org

Fee-based article retrieval service lists over 17,000 periodicals. Use the free search and pay for articles of interest to be faxed.

Virtual Pharmacy - Martindale's -- www-sci.lib.uci.edu/~martindale/Pharmacy.html

Huge site with pharmacy, pharmacology, clinical pharmacology and toxicology information. Features journals, student resources and databases.

World Pharma Web -- www.worldpharmaweb.com

Pharmaceutical industry news service has stories from around the world updated daily, plus contact information.

Pharmacy Products and Services

International Pharmajobs -- www.pharmajobs.com

German based pharmaceutical industry employment agency hosts a searchable job database mostly covering European opportunities.

Altimed -- www.altimed.com

Canadian pharmacist's guide to the Net. Includes product info, monthly topics for discussion, forum, disease advice, and links.

Baxa -- www.baxa.com

Details of pharmacy products such as tools for sterile fluid handling, compounders, and syringe infusion systems.

BioData -- www.biodata.com

Details of the products and services of this company involved in software engineering for medical and scientific organizations.

CAI Software -- www.cpb.uokhsc.edu/mm/soft.html

Download computer assisted instruction software for Mac, which covers pharmaceutical analysis and pharmacokinetic simulation.

Clinical Pharmacology -- www.gsm.com/products.htm

Software advertisement for a reference and teaching guide to most common and classic drugs in current use.

DPP-Cordell -- www.cordell.co.uk

Communications agency providing support services for the international pharmaceutical industry.

Francom's Pharmacy -- HTTP://hometown.aol.com/mefrancom/index.html

Download a range of shareware of use to pharmacists. Also has drug formulae and supplier list.

Henry Schein Medical Products -- www.henryschein.com/medical.htm

Online ordering, and if you don't have your free catalog to over 12,000 well priced medical products already, order it now.

LuxNet -- www.luxnet.com

Source of news and information for the biotechnology, pharmaceutical, and medical device professional.

Micromedex -- www.mdx.com

Customer and business information from this company producing reference software for health and environmental safety industries.

PRS Pharmacy Services -- www.prsrx.com

Pharmacy Services available for staffing and/or establishing your own pharmacy department.

PharmMall -- pharminfo.com/pharmmall/pm_hp.html

Virtual drugstore for products and services for patients, health care professionals and those in the pharmaceutical industry.

Pharmaceutical Online -- www.pharmaceuticalonline.com

Source for product, technology, regulatory, and management information for the pharmaceutical industries.

Pharmacokinetics & Pharmacodynamics -- <http://pkpd.icon.palo-alto.med.va.gov>

Repository of software, computer controlled drug administration programs and simulation programs, for these specialty areas.

Pharmacology – Apharmalocum -- www.apharmalocum.co.uk

Describes the range of services available from this UK based online recruitment agency for locum pharmacists.

Schering Diagnostics -- www.trichemresources.com

Market leader for in-vivo diagnostics. Contains FAQs, updates on congresses, radiology training, and medical standard information.

TriChem Resources -- www.trichemresources.com

Supplier of purified human proteins to the diagnostic and health care industry.

United-Guardian -- www.u-g.com

Product and ordering information from this pharmaceutical and health care company. Includes corporate and investor details.

Regulatory Issues

Drug Development & Approval -- www.allp.com/drug_dev.htm

Alliance Pharmaceutical Corporation explains the rigorous process of drug testing, development and approval.

Drug Evaluation & Research Center -- www.fda.gov/cder/

Find out information about new drugs, clinical trials and the process of regulation from the Food and Drug Administration.

Doctor's Guide to New Drugs – www.pslgroup.com/NEWDRUGS.HTM

Articles on approved new drugs or new indications for previously available drugs, with latest medical news and Internet sites.

Dot Pharmacy -- www.dotpharmacy.co.uk

Professional pharmacist and druggist publication with articles on pharmaceuticals, pharmacist practices and general events affecting this industry.

Drug Information -- www.pharmacy.ab.umd.edu/~umdi/umdi.html

Your questions about pharmaceuticals to the University of Maryland Drug Information Service answered within three days.

Drug Publications Menu -- http://pharminfo.com/pubs/pubs_mnu.html

Articles focusing on new drugs and drug therapies. Includes the Medical Sciences Bulletin and the Electronic Highlights Bulletin.

FDA Drug Approvals 1997 -- www.micromedex.com/cmdx-c/hcs-cfda.htm

Summary of drugs approved by the Food and Drug Administration for this year. Includes dosage information and clinical applications.

FDA Drug Approvals List -- www.fda.gov/cder/da/da.htm

Details of original new drug applications under consideration by the Food & Drug Administration. Updated monthly.

FDA News -- www.fda.gov/opacom/hpnews.html

Newsletter offering the latest news from the Food and Drug Administration, with reports on the latest products approved.

Government & Regulatory Bodies --

www.pharmweb.net/pwmirror/pwk/pharmwebk.html

Listing of international pharmaceutical regulatory bodies including the US Food and Drug Administration.

New Drug Approvals - Mining Company –

<http://pharmacology.tqn.com/library/newdr98/blindxa.htm>

Starting point for a search for information about newly-approved or newly-released medicines in the United States.

Regulatory Affairs -- www.medmarket.com/tenants/rainfo/rainfo.htm

Find any regulatory body, organization, meeting, document or guideline in this extensive directory. Covers regulated product industries.

Research

Resource Solutions Inc. -- www.rsi-nc.com

Organization that offers clinical monitoring, auditing, and training relevant to clinical drug research. With links to other drug trial sites.

AIDS Clinical Trials -- www.actis.org

Details of federally and privately sponsored clinical trials for persons with AIDS and HIV infection.

Access Clinical Trials -- www.cvmq.com.

Clinical research facility provides access to case reviews. With information on specific research and trials.

Allied Clinical Research -- www.alliedclinical.com

Contract research organization (CRO), contracted by the pharmaceutical industry to conduct clinical research on new drugs and medical devices.

American Medical News -- www.ama-assn.org/scipub.htm

Keep critically informed by registering for the AMA's free online news service and journals.

Biomedical Visualization Center -- amanda.uams.edu/index2.0.html

Molecular modeling and visualization information from this center using computational techniques for research and education.

CSPS -- www.ualberta.ca/~csps/

Canadian Society for Pharmaceutical Sciences is a organization established to foster research. Includes journal articles and links.

Cancer Clinical Trials -- cancer.med.upenn.edu/clinical_trials/

Good explanation of trials and some of the treatments being tested at present. Hosted by the University of Pennsylvania.

Center for Pharmaceutical Outcomes -- metalab.unc.edu/pharmacy/Cepor/cepor.html

Research and education center investigating health and economic factors relating to the use of pharmaceuticals.

Center of Alcohol Studies -- www.rci.rutgers.edu/~cas2/

Multidisciplinary institute doing research into psychoactive substances. Details of academic programs and facilities.

CenterWatch -- www.centerwatch.com/MAIN.HTM

Find out about drug experimentation on humans and the funding for clinical research. With brief glossary of clinical terms.

Centre for Medicines Research -- www.cmr.org

Data and analyses on technical, medical, economic and policy issues in the discovery, development and safe use of medicines.

Chemical Industry Institute - www.ciit.org

Toxicology research institute researching the adverse effects of chemicals, pharmaceuticals and consumer products.

Clinical Trials -- <http://pharminfo.com/conference/clntrl.html>

Description and joining details of a discussion group only for professionals, plus moderated postings on selected topics.

Datagen – <http://ourworld.compuserve.com/homepages/datagen/>

Clinical research organization which focuses on medical informatics, clinical data management and statistical consulting.

Epidemiology Guidelines --

www.hsph.harvard.edu/Organizations/DDIL/gep.html

Short article on good epidemiology practices for drug, device, and vaccine research in the United States.

Institute of Pharmacology PAN -- www.if-pan.krakow.pl

Information about the institute and primary research area, psychotropic drugs.

Italian Research Center -- www.csfic.mi.cnr.it

History and details of the research and teaching activities of this center specializing in cellular and molecular pharmacology.

Massachusetts General Hospital – cipr-diva.mgh.harvard.edu

Center for Imaging and Pharmaceutical Research explores the relationship between modern imaging technology and drug development.

Medicines By Design -- www.nih.gov/nigms/science_ed/medbydes.html

Article on the support to pharmacology research provided by National Institute of General Medical Sciences.

PhRMA -- www.phrma.org

Organization representing pharmaceutical research companies.
With details of drug development and health guides.

PharmPK Discussion List Archive --

www.cpb.uokhsc.edu/common/anonymous/pk/t_index.html

Check this list of discussion topics related to pharmacokinetics, or read previous discussions.

Pharmaceutical Chemistry Group -- www.boomer.org/pkin/

Introduction to pharmaceutical chemistry and research into immunological therapeutics and computer-aided drug design from this Swiss institute.

Pharmacokinetics & Pharmacodynamics -- www.pharma.ethz.ch

Information and resources about these two disciplines studying the dynamics of drug and metabolite levels in the body over time.

Queensland Pharmaceutical Research –

<http://mailhost.qpri.gu.edu.au/qpri.htm>

Provides collaborative research between industry and academia to develop and discovery new drugs. Details of current projects.

ReCap's Home Page -- www.recap.com

Search for profiles of biotechnology alliances between companies and universities. With press releases and articles.

Research's List of Meetings -- www.catosource.com/fyi/

Listing of topics for international meetings related to biotechnology and pharmaceutical development for the forthcoming year.

Society for Research on Nicotine – <http://alpha.butler.org/srnt/>

Researches the mechanisms of nicotine's action, as well as the behavioral and pharmacological aspects of tobacco use.

Sydney University – Psychology -- www.iavi.org

Information on research activities in psychopharmacology. With manuscripts of a project on the effects of cannabis on cognition.

USC Pharmacology & Physiology -- www.iavi.org

Site describes faculty research and provides teaching materials including slides, faculty email, and acid-base physiology resources.

University of Miami – Medicine -- www.med.sc.edu:96/Physiolo.htm

Department of Molecular and Cellular Pharmacology offers details of its academic programs and research projects.

Virtual Pharmacy - Martindale's -- www-sci.lib.uci.edu/~martindale/Pharmacy.html

Huge site with pharmacy, pharmacology, clinical pharmacology and toxicology information. Features journals, student resources and databases.

Additional Pharmacy Web Links

[Original list of PCS Links](#)
